\* If you switch your device to one that's classified in another tier, and as device depreciation adjustments are made, the monthly charge for your new tier will be reflected on your T-Mobile bill.

\*\* Claim limits apply. Refer to coverage documents for details. For customers who have changed their T-Mobile account number, any approved claims under the previous account number will continue to apply toward the limit. When you receive a replacement device, you'll need to return your damaged/malfunctioning device to avoid being charged an **unrecovered equipment fee** (nonreturn fee) equal to the retail price of the replacement device plus applicable shipping costs.

† There is a \$5 processing fee collected by T-Mobile when devices are exchanged through T-Mobile. There's no processing fee for eligible mechanical breakdown claims handled by the manufacturer. All BYOD mechanical breakdown exchanges must be handled by Assurant. There's no processing fee for BYOD customers.
